

Groupcall Xpressions App

View your child's information on your mobile phone!

An exciting new service is now available for parents to ensure communication between the Academy and yourselves is easier and more effective. Groupcall Xpressions is created by the school communication company Groupcall Limited.

The app is completely free of charge to you and can be installed on your mobile phone or tablet. It currently supports both Apple iOS and Android devices (with Windows mobile to follow) and you'll be able to see information for your children.

If you have children in different schools and those schools also use Groupcall Xpressions, you will be able to view information on multiple children within the same app.

What do I need to do now?

Please ensure the Academy has your correct mobile number and email address to ensure you can use the app. Please find enclosed the contact details letter for you to check. You will need to make sure you keep these details up-to-date in future to maintain access to the service. Once installed and set up you will be able to see some or all of the following information:

- Free messages sent by the school delivered directly to the app
- Updates regarding selected partner systems, used by the school such as homework, catering and library systems
- Attendance records and absences
- Marks and grades
- Achievement records
- Behaviour events
- Timetable
- School calendar
